

Process for delivery of prescriptions from Fovant Surgery

1. When patients order their medication either over the telephone they state their Hub number, through post box write their hub number on their slip and when ordering online use message box to put their hub number.
2. When we give out medication at the surgery we will also advise patients that they use their designated Hub number if possible.
3. All medication bags slips advise patients to use their Hub representative to collect their medicines from where possible.
4. Details of Hub contacts as below:
